---

## SUMMARY

Computer Science student at Umm Al-Qura University with strong programming, web development, and software design skills. Passionate about applying technical knowledge to real-world projects and seeking internship opportunities to gain practical experience and contribute to innovative solutions.

---

## EDUCATION

**Bachelor of Computer Science**  
Umm Al-Qura University

**Expected Graduation 2026**

---

## WORK EXPERIENCE

**Customer Service – Rehlat Manafe Co . (Hajj Season)**

**Jun 2024 - Jul 2024**

- Supported pilgrims with Nusuk related procedures and inquiries.
  - Assisted in issuing permits and guiding pilgrims through required steps.
  - Handled high-volume interactions in a fast-paced, multicultural environment.
  - Strengthened communication and problem-solving skills.
- 

## PROJECTS

**Appointment Scheduling System – Java & MySQL**

- Built a booking system with authentication, notifications, and UML modeling.

**Smart City Infrastructure Implementation**

- Managed an 18-month IoT project using the PMBOK framework, handling scope, schedule, and risk management.

**Lexical Analyzer – Java (Compiler Construction Course)**

- Developed a Java-based lexical analyzer that reads arithmetic expressions and identifies tokens such as numbers, operators, and parentheses.
- Implemented token classification and error handling to support compiler front-end functionality.

**AI Video Project – Bounded Buffer Synchronization**

- Created a 3-minute educational AI-based video explaining synchronization concepts.

**Network Analysis – Wireshark**

- Captured and analyzed network traffic to identify performance issues.
- 

## CERTIFICATES & COURSES

- **Fundamentals of Artificial Intelligence – SDAIA / SAMAI**
  - **Virtual Work Experience: Data Analysis – Misk & STC**
  - **Microsoft Excel – Dorooob**
  - **Artificial Intelligence and Data Analysis in the Future of the Labor Market – Dorooob**
  - **Graphic Design using Canva – Sama Al-Qudrat Training Center**
  - **Life Ambassador First-Aid Program – Saudi Red Crescent Authority**
- 

## ADDITIONAL INFORMATION

- **Technical Skills:** Java, HTML, CSS, MySQL, Microsoft Excel, UML Diagrams: Use Case, Class, Sequence, State.
- **Soft Skills:** Problem Solving ,Teamwork, Communication, Customer Service, Time Management, Attention to Detail, Small Business Management , Digital Marketing, Handmade Product Design.
